

With less than 10-hours' notice, Big Sky Fitness was mandated by the state to close all locations on Monday, March 16 at 8pm and will not be allowed to reopen until further notice. While we understand your frustration, this is no longer in our hands, but in the hands of the state and federal governing bodies.

While we are always concerned with everyone's health and safety, the decision to shut down all bars, restaurants, movie theaters and gyms is one that we do not fully agree with. At the time of this writing, only (41) CT residents have been diagnosed with this new strain of the flu, (4) in all of Hartford county, with (0) deaths in our state of 3.6 million residents.

This shut down will impact many small businesses ability to take care of the people that count on them to pay their mortgages and care for their families. As of this morning, this decision by the state put over 150,000 people out of work.

Additionally, it will affect our ability to take care of the many Big Sky members who count on us for their wellness needs: people who come to us for health reasons including heart conditions and diabetes, to reduce blood pressure, help with anxiety and depression, and manage stress... just to name a few.

We're currently working with our billing company to turn off everyone's monthly billing for membership dues. For now, everything will be frozen for one month in the hopes that we will reopen in that time. If we are not able to reopen by April 16th, we'll continue the hold on your monthly dues.

The renewal dates on prepaid memberships will be adjusted once we know when the gyms will reopen.

We encourage you to reach out to your state senators and representatives to encourage them to allow business in the state to reopen. It's our opinion that by remaining open, members will have the choice to visit the gym, or to stay home, based on their own health and wellness and we respect everyone's personal decision.

We will update you as soon as we have any more information regarding COVID-19 as it pertains to our business hours.

The outreach from many Big Sky members has been heartwarming. We will miss you all during this shut down and hope to be back with you all soon!!
